

# MICKEY'S 123's

## THE BIG SURPRISE PARTY

### Mickey's 123's QUICK START CARD

Playing Mickey's 123's is easy! Follow these simple instructions and in no time you'll be planning "The Big Surprise Party."

1. Insert your DOS disk into your computer, turn it on.
2. Insert Mickey's 123's Disk 1 into your computer's disk drive.
3. Type **MICKEY**.
4. When prompted, select the graphics mode.
5. When you see the filmstrip with Mickey on it, locate the Mickey on your Mickey Graphics Sheet who's **number** corresponds with the one on the screen. Use the up and down arrow keys to match the Mickey on the screen to the numbered Mickey on the sheet.
6. Press number keys on the keyboard (0 through 9) to help Mickey plan a surprise party.

7. When Mickey is going from the signpost to a location, you can press any number to change his mode of transportation.

Press... **SPACEBAR** to pause the game, **ALT** and **S** to turn on/off the IBM sounds.

**ESC** to quit the game

See the manual for more detailed instructions.
